OPTIONAL COURSES: M.A. II Year (Political Science)

Dear Student,

You will have to do a Tutor Marked Assignment for each of the courses in the Master's Degree Programme in Political Science. Each assignment has descriptive and short category questions. Descriptive Category Questions (DCQs) are meant for writing essay type answers, with an introduction and a conclusion. These are intended to test your ability to describe your understanding/knowledge about the topic in a systematic, to-the-point and coherent manner. Short Category Questions (SCQs) require you to first analyse the topic in terms of arguments and explanations and then write the answers in a concise manner. They are meant to test your understanding of the concepts and processes, and your capacity to critically analyse them.

Before you attempt the assignments, please read the instructions carefully provided in the Programme Guide. It is important that you answer all the TMA questions in your own words. Your answers should be within the approximate range of the word-limit set for a particular section. Remember, writing answers to assignment questions will improve your writing skills and prepare you for the term-end examination.

This booklet has assignments of all II year courses in Political Science. Do the assignments of only those courses for which you are enrolled and leave the rest.

Submission:

You need to submit all the assignments within the stipulated time for being eligible to appear in the term-end examination. The completed assignments should be submitted as per the following schedule.
